POLO GROUNDS, NEW YORK, Oct. 6.—A youth entered the hall of fame here today. Waite Hoyt, 21, pitching for the New York Yankees, stood the hit-hungry Giants on their heads in the second game of the world's series, winning it, 3 to 0.

Hoyt let the Giants down with two hits, twirling one of the greatest games ever pitched in a world's series. His victory gave the Yanks a two-game lead over the Giants in their fight for the world's championship.

It was a signal victory for Hoyt. He was an unwelcome chicken who came home to roost on the shoulder of John McGraw, who once had him on the Giants' roster and let him get away.

Babe Ruth was not permitted to start today at his specialty of busting the ball. He was walked three times by Nehf. He was not denied a share in the glory, however, for he stole two bases in succession on Smith in the fifth innings and scored a Yankee run in the eighth.

IT MAY interest you to know how quickly The Glendale Evening News published the report of the world series game which was won by the New York Yankees yesterday. The final play was written in this office less than one minute after the play was made, by H. R. Easton, telegrapher, in charge of the International News Service leased wire which provides this paper with the world news.

The message was dispatched direct from the Polo Grounds in New York over the thousands of miles of wire serving clients of The International News Service. There was no delay on account of relays used by other news services and the people who gathered in front of The Glendale Evening News office for the "flash" regarding the winner, got it before many of those who were watching downtown scoreboards.

In addition to the superior telegraphic facilities, The Glendale Evening News had papers on the street in five minutes from the time the last play was written by the telegrapher, Mr. Easton. Again this was more quickly accomplished here than in Los Angeles because no stereotyping processes are necessary before the paper can be put to press.

In addition to being on the streets a few minutes after the game closed, The Glendale Evening News made over its front page and within a half hour gave its regular subscribers the official box score of the Yankee-Giant game.

When one stops to consider Broadway, New York, and Broadway, Glendale, are far from each other in miles, but not in thought as it is flashed over the news wires from one side of the country to the other.

The difference in time makes it possible for people here to know by 1 o'clock in the afternoon of practically every important occurrence in the east during the day. At that hour the banks, stock markets and offices have closed. The day's sessions in congress are completed and our relatives or friends in New York and Washington are eating their evening meal.

Indeed, it is an extraordinary situation in which Southern California is placed when its peoples can review the world events of the day all over the world in their evening's leisure because time changes way out in the middle of the Pacific ocean.

If Glendale is to continue its growth, there is one positive fact that must be faced by the citizens of this community next Tuesday.

That is, more schools are essential—therefore, vote for the $260,000 bonds. It stands to reason that sufficient equipment makes for economy and efficiency in the long run.

Penny wise and pound foolish people may put off paying until tomorrow, but there is a time for all things, and literally speaking, today is the time to build for tomorrow.

The schools of this city are overcrowded. What temporary relief can be given is far insufficient and it takes time to build—anyone knows that. If anything, the committee of nineteen which recommended the improvements for which the $260,000 is to be spent, was too conservative.

With the indorsement of the Chamber of Commerce, the issue should carry and the children housed in schools sufficient for present needs—at least.

If there be anyone faint-hearted about the future of Glendale, there is sure a cure in the amount of building being done here this year. More than $3,500,000 in permits have been issued to date by F. A. Marek, superintendent of building.

And the program of construction has just got under way. It is needless to enumerate the long list of business block contemplated nor tell of the civic, church and school projects which will entail the expenditure of millions more before 1922.

Really, there are no residents of this city who do not have the confidence to buy and build and buy to the limit of their financial ability. Everyone is wide awake to the possibilities and they are making the most of it. We'll tell the world it had better "Watch Glendale."

# Three Day Bazaar Will Open Tonight

One of the social events of the season will be the opening tonight of the three day bazaar in the new $65,000 Holy Family Catholic church at Elk and Louise streets which bids the public welcome.

Rev. James S. O'Neill is certain that the affair, which is the largest ever undertaken by his flock, will be a tremendous success. Members of the various committees have been working with indefatigable energy. Glendale merchants and a few of the larger firms of Los Angeles, both Catholic and Protestant, have contributed most generously in merchandise. A capacity attendance is anticipated. The funds raised will be used for the church building debt.

The interior of the edifice with its lofty vaulted ceiljng and softly tinted walls resembles a sanctified mission chapel. For the occasion it has been decorated with American flags and potted palms.

A cafeteria supper and refreshments will be served every evening under the direction of Mrs. Reed Heustis. She will be assisted by a number of women of the parish and a delectable bill-of-fare is promised.

A Ford touring car has been donated by the Holy Name society of the church and it will be given away in connection with the country store. At this booth all manner of groceries and kitchen articles will be sold under the direction of George McLaughlin, assisted by members of the Holy Name society.

The kewpie doll booth, which is very beautifully decorated in orange and black, is in charge of Miss Mildred McCoubrey. Mrs. Frank Salmacia has control of the handkerchief and candy booth in light blue and white with the initials Y. L. I. for Young Ladies' Institute placed upon the front of the booth. Toys will be sold by Mrs. W. H. Brummel who will also operate a grab bag for the kiddies.

The musical program is in charge of Miss Dorothea Vogel, Jack Tuohey and Fred Albright. This committee has promised an entertainment each night. Mrs. Jesse Smith and Miss Ruth Tuohey also are among those who are lending their graces to the success of the event.

## Mutual Benefit Circle Has Interesting Time

An attendance of over fifty members and a number of new members were present at yesterday's meeting of the Mutual Benefit Reading Circle, which was held in the library building, Mrs. A. A. Barton presiding. The reading of the book, "All the Children of All the People" was continued.

The usual business of the Circle, with Mrs. Barton as chairman, included the reading of a letter from Miss Lombard of Washington, D. C., who has charge of the extension course of home reading. The new list entitled "Twenty Good Books for Parents," was recently compiled by her. Of these eight books are from the list compiled by the Circle. At the meeting yesterday it was voted to get in closer touch with the extension course through the southern branch of the University of California.

Mrs. L. T. Rowley reviewed an article by Helen Southwick, the subject being "A Plea for Organized Play," urging education for all boys and girls through play in the schoolyard and at home. In the school by the teachers who love the play and make it interesting.

## SHOOTS FOUR-POINT BUCK

Frank Acosta of 344 West Colorado boulevard claims the honor of bagging the largest deer of the present season, he having returned Sunday from Santa Monica canyon with a big four-point buck. The deer, which was shot on the Vencino ranch, tipped the scales at 160 pounds after it had been dressed.

Acosta tells an interesting story of his prize game. Although he went with a party of friends on the outing he happened to be alone when the prize buck was sighted in the bottom of a deep ravine. From the point where the animal fell Acosta struggled four hours before he finally reached the top of the hill, which was about 100 feet high. The deer weighed approximately 250 pounds and, according to the youthful hunter, it was "some job" to get him to the top of that steep incline. Those who accompanied Acosta on the trip were his three brothers, Benjamin, Lollo and Joseph, and Lewis Gabaig of 330 Oak street. Gabaig and Benjamin Acosta each got a two-point buck.

# DR. J. CORT MYERS MAKES ADDRESS AT CONFERENCE

### Noted Speaker From Tremont, Mass., Opens Session After 'Fellowship Supper'

The Sixth Annual Bible conference of Glendale and San Fernando Valley was marked with an attendance at the "Fellowship Supper" last night that completely filled the banquet hall at the Presbyterian church and with an audience that crowded the church in listening to an able address by Dr. J. Cort Myers, of Tremont, Mass., the principal speaker of the convention.

The "Fellowship Supper" was served by the women of the church, after which the pastor, Rev. W. E. Edmonds, made a few remarks, briefly outlining the purpose of the Bible conference, extending a few words of cordial welcome to the strangers and asking all to enter into the spirit of the occasion and derive as much good as possible from the gathering.

After the supper was served, the gathering repaired to the church auditorium to listen to Dr. Myers deliver one of his inspiring addresses, "The Greatest Expression Ever Heard in This World." Dr. Myers is a thorough authority on Bible study and in giving his talk last night, presented many new angles to offset the many cults and "isms" that have sprung up, he said, to take the place of religion.

**"It Is Finished"**

In elaborating on his subject, Dr. Myers used the last three words of the Savior on the cross, "It is finished," and built up his theme by outlining the things which were possibly meant in those words. In turn the speaker elaborated on the subject and showed that the Savior meant that His earthly life was finished, that His suffering was ended, and that salvation had been secured for the world. This last point was dwelt upon considerably by Dr. Myers, who proved that this was the most triumphant significance of the last three words of the Savior.

Dr. Myers is a very convincing speaker and is so well versed in Biblical teaching that his words impress. After the address last evening he was warmly commented by hundreds in the congregation. He will deliver four more addresses during the Bible conference here and, judging from the interest shown last night, the church will no doubt be packed each time he appears on the program.

The work of outlining and planning the Sixth Annual Bible conference has involved a great deal of work upon the pastor, Rev. W. E. Edmonds, and the assistant pastor, Louis Tinning, but the program has been well thought out and much credit should be given them in being able to secure some exceptionally good leaders to address the congregation. Yesterday afternoon Dr. J. R. Pratt, one of the eminent Bible teachers along the coast, gave a very inspiring address.

**Program of Conference**

The following program will prevail during the remainder of the conference:

Thursday, 3 p. m., "The Calling of the Church," Mrs. Frances Neth, formerly with Evangelist John Brown, and one who has many friends in Glendale.

7:30 p. m., "What Is God Going to Do with the Jews and What Are We Going to Do with Them?" Dr. Myers.

Friday, 3 p. m., "Smiting the Image," Rev. W. E. Blackstone; 7:30 p. m., "World Shaken from Center to Circumference," Dr. Myers.

Saturday, 7:30 p. m., "The Perfect Day," Rev. Geo. W. Davis.

Sunday, 11 a. m., "View from Mount of Olives," Dr. Myers; 3 p. m., "Daniel's Image," Dr. F. W. Farr, of Los Angeles; 7:30 p. m., "What Will Save Us?" Dr. Myers.

### LEAVES FOR SAN DIEGO

"Can't get along without The News!" exclaimed A. W. Reynolds yesterday afternoon, speaking about his departure for a week in San Diego today. ## Hears of Glendale, Visits City, Buys Lot, Plans to Build

The W. A. Heitman real estate office at the northwest corner of South Brand boulevard and San Fernando Road, reports a sale which will bring to southern Glendale a family from Washington. L. A. Summers and family of Washington were enjoying a tour of this part of the state and stopped over a few days in Burbank. Hearing much of Glendale, they decided to pay the city a visit and were so well impressed that the branch of realty office of W. A. Heitman was visited at South Brand and San Fernando Road with the result a lot was purchased on Caramel street, Mr. Summers intends to build at once.

Mr. Summers has three sons who are now doing college work, and he decided that south Glendale offered just what he was looking for as a place to build a home.

The Heitman realty office also reports much building activity on Gardena avenue, as many lots have been sold on that avenue lately and the owners intend to proceed with building homes at once.

The branch office of the Heitman company is managed by E. T. Jenney of Los Angeles and L. J. Casbon of 1917 Gardena avenue. Both are well pleased with the business activity being shown in all sections of Glendale and believe it will establish a record in growth and improvements during the coming year.

The famous "Walk Over Shoes" are sold in Glendale only by Zite-Leen's, 140 N. Brand Blvd.—Advertisement.

## Mrs. V. Rapp Hostess at Benefit Tea for Holy Family Church

About thirty-five women of the Holy Family church were present on Tuesday afternoon at the home of Mrs. V. Rapp of 403 Cameron place, where Mrs. Rapp conducted a benefit tea to help toward the building fund of the church. A total of $22.50 was cleared during the afternoon.

The afternoon was enjoyed by cards and a short musical program, the latter consisting of a number of vocal solos by Miss Leora Buechler of 916 North Central avenue. Miss Buechler was accompanied on the piano by Mrs. Thomas Smith.

Following the musical numbers the guests were served a delicious course of refreshments. The Tuesday entertainment was a forerunner of the three-day bazaar, which is scheduled to start tonight at the new church building on the corner of Elk avenue and Louise streets.

The most commonly misspelled scientific term is probably "sidereal," which is very often written "siderial." Printers are much addicted to spelling "meteorology" "meterology."

## Mine Workers' Leader to Confer With Hoover

Lewis, president of the United Mine Workers, has been invited to come to Washington to discuss the coal situation and particularly prospects for a new agreement when the present one expires, Secretary of Commerce Hoover announced. **QUEER**

Young Smoother was in a reflective mood in one corner of the clubroom. "When," he muttered to himself, "I compare the one or two creditors I have with the millions and millions of persons to whom I owe nothing, I wonder why in the world those chaps make such a confounded noise about it?"

# The WORLD OVER

By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

With Joe Stecher, Strangler Ed Lewis and Ad Santol all showing in their recent wrestling matches that they have passed the pinnacle of their prime and now are on the down grade, it is becoming more than ever obvious that good new material will be necessary if interest is to be continued in this form of sport. Unfortunately, there does not seem to be anything in sight and it behooves promoters to cast about for likely material if they expect the public to patronize their shows.

Bill Johnston, the California tennis expert, as is usual with him, is offering no excuses for his defeat at the hands of William Tilden in the National singles championship. As a matter of fact, few players ever had a harder road to travel in preliminary play than did Johnston, it so happening he was drawn against the best of the players. It would have taxed the strength of a hercules, and when it is figured that Johnston weighs well under 120 pounds, in fact, it was stated that he weighed only 113 pounds during play, the marvelous stamina of Johnston under the circumstances must be rated as one of the wonders of the athletic world. Added to this Johnston was trying to throw off the effects of an attack of ptomaine poisoning from which he had suffered.

Interest in the game to be played between Princeton and the University of Chicago will extend clear across to the Pacific coast. Chicago is a member of the Western Conference and should it beat Princeton and also win its conference football championship, it would have a clear title to play the ultimate champion of the Pacific coast at Pasadena on New Year's Day. The intersectional game between Chicago and Princeton is slated to be played at Princeton on October 22. A return game will be played in Chicago in 1922. This is the first time that these two universities have met on the gridiron.

Being neither useful nor ornamental, we often wonder what folks do with baseballs autographed by Ty Cobb, Babe Ruth and other diamond stars. You can't even conveniently frame the darn thing. Our better half suggests they might be stuck into a sock for the purpose of darning them, the socks, of course.

Babe Ruth's batting record on September 28 stood as follows: He had played in 151 games, been at bat 521 times, and made a total of 175 runs and 198 hits. Of the latter, 43 were two baggers, eighteen triplets, and 58 homers. He had made three sacrifice hits and fourteen stolen bases were chalked to his credit. His average was .380.

While one football writer states that he is not sure whether Stanford university's team will be as strong as it was last season, along comes a young fellow who is just breaking into the writing game and says it will be twice as strong as it was last year. It does beat all what chances these youngsters are willing to take.

## A. Carlson's Home Is Being Finished by May & Hamilton

The six-room bungalow of A. Carlson, 1518 South Brand boulevard, being built by Contractors May & Hellman, 205 East Broadway, will be ready for occupancy by the first of November, it was announced today by the contractors. The construction work will be finished within the next two or three weeks, after which the bungalow will be painted by Mr. Carlson.

The new home will be very modern throughout, with a stucco exterior, and a stucco garage at the rear. Floors will be of hard wood, and the rooms will be equipped with plenty of built-in features in the way of cabinets, buffets and book-cases. Each bedroom will be fitted with a dressing cabinet and a large closet.

The bungalow will be a very beautiful and attractive addition to the many fine residences of South Brand boulevard.

## Railroad Question Is Again Reopened by Senate Committee

WASHINGTON, Oct. 6.—The senate interstate commerce committee will reopen its investigation of the railroad situation on Thursday, October 13, it was announced by Senator Cummins, Republican of Iowa, the committee chairman. Frank J. Warren, statistician for the Brotherhood of Engineers, Firemen, Conductors and Trainmen, will be the first witness. The railroad inquiry was started on May 10 but no hearings have been held during the past two months.

## Alleged 'Master Mind' Taken Into Custody

Paul Hirschler, a clerk and truck driver, was taken into custody today in Los Angeles by Prohibition Agents O'Leary and Wheeler and lodged in the county jail. He is suspected of being the "master mind," the officers say, in a series of liquor thefts for which three police officers and four citizens were arrested.

Hirschler, according to the officers, directed the operations of two gangs, one in Glendale and the other in Los Angeles, members of which posed as prohibition agents. He was also suspected of "double crossing" the men who committed the robberies, supposedly at his orders.

O'Leary and Wheeler stated they believe Hirschler was the "master mind" and, at the same time, the only connecting link between the Glendale and Los Angeles gang.

The Glendale men implicated are Guy H. Wells and John Kermode, who served here as police officers; and W. L. Kyncy, Ernest Thede and Robert Powell, alias "Chick" Wilson. They are under arrest for alleged dry law violations.

At their hearing this morning in Commissioner Stephen J. Long's court, the Glendale men waived examination and will await federal grand jury indictments tomorrow.

Two alleged members of the Los Angeles gang are also under arrest. They are Police Officer Frilot, of University station, and E. S. Walker, held on charges of burglary. Frilot and Walker are alleged to have posed as prohibition agents in taking eight bottles of whisky and $8 in money from George Petrovich, residing in East Thirty-fifth street.

After a social time Mrs. Ellen Bundick, in behalf of the class, presented Miss Ranney with a parting gift of money and after extending their best wishes to her refreshments of fruit punch and cake were served.

# CITY OF GLENDALE'S SERVICE RECORDS SHOW GROWTH

### Largest Addition for Month Yet Made; October Starts Off for New Mark

That Glendale is rapidly growing month by month is proved by the record established in September in installations for water and light, the number for both being almost double the average for previous months.

The records of the public service department in the city hall show that at the first of September there were 5,577 installations for water. During the month there were 194 added, making a total of 5,771. At the first of September there were 6,381 installations for light and during the month 204 were added, making a total of 6,585.

This is the biggest addition for both water and light that has been made in one month in the history of Glendale and records of daily installations for the first few days of October show that the record stands a good chance of being out-distanced this month.

## Senator Penrose Starts Drive on Sales Taxing

WASHINGTON, Oct. 6.—Senator Penrose has started a "drive" to block the growing movement in the senate in support of Senator Smoot's sales tax plan.

As chairman of the senate finance committee, Penrose declared the pending tax bill is only a "temporary emergency measure," and after its enactment congress would be asked within a year to institute "new and novel" taxation methods which would meet the country's demand for a simplification of its tax system. He declared he still regarded the sales tax with an "open mind" but that this is "no time for innovations."

# BOTH CHINESE AND INDIAN SONGS TO BE ON PROGRAM

## Cadman Compositions Will Be Featured Friday Night by Glendale Music Club

The unusually excellent program which is scheduled for the first concert of the season by the Glendale Music club and which is to be given Friday night in the high school auditorium by Charles Wakefield Cadman, the American composer, with Margaret Messer, dramatic soprano, and Sol Cohen, violinist, is one which promises to be full of novelty. It will be made up principally of Cadman compositions and will be most representative of the composer's lyric gift.

No Cadman program is considered complete unless it contains a few things based upon the tunes of the American Indians. With this in mind Miss Messer is to sing the "Canoe Song." and will pair this with "Spring Song of the Robin Woman," from "Shanewis." Miss Messer will also sing a new Chinese cycle by Cadman, which is based upon real Chinese melodies idealized, the poems of which were done by Moon Kwan, a Chinese who was an art director at one of the large studios in Los Angeles.

**Here's Complete Program**

The program in detail, as planned, will be as follows:

Songs—"A Nightingale" and "The Moon Behind the Cottonwood," with violin obligato. By Miss Messer, Mr. Cadman and Mr. Cohen.

Piano selections—"The Minstrel of Kashmira" (on a Hindu theme). "Underneath the Bough" and "The Desert's Dusty Face," the latter two numbers of which were written by Mr. Cadman for the picture production of "Omar Khayyam." By Mr. Cadman.

Songs—"Moonlit Tears," "The Streams of Fate" and "Spring Longing," a cycle of songs to Chinese poems translated by Moon Kwan. By Miss Messer.

Violin selections—"Vienese Popular Song" (Kreisler), "Liebesfreud" (Kreisler), "The Legend of the Canyon" and "Within the Potter's Shop," the last number of which is from the Omar Khayyam suite, by Mr. Cohen.

Piano—"Andante from A Major Sonata," "In a Toyshop" and "The Thunderbird Comes from the Cedars" (on an Indian theme). By Mr. Cadman.

"Her Shadow" (Ojibway canoe song from Shanewis) and "The Spring Song of the Robin Woman" (from Shanewis), by Miss Messer and Mr. Cadman.

Club members who have paid their dues will be admitted free upon presenting their membership card. These cards for old and new members can be secured from the treasurer and financial secretary at the high school at 7:30 Friday night. A limited number of tickets have been reserved for non-club members and these can be secured at the Gendale Music store. Club dues must be paid before members will be admitted.

# Rupert Hughes Is Author of Unusual Mother Love Story

When "The Old Nest" opens in the T. D. & L. Theatre today, the people of Glendale will have a chance to see a picture that has been hailed by critics and reviewers as the most satisfying all-American picture that has yet been produced. The theme, that of a mother who sees her six children leave her, one by one, is common to American families. All the poignancy of feeling that these leave takings arouse in real life have been caught on the screen.

Rupert Hughes is the author of this unusual tale of mother love. He has sought to present a cross-section of a universal theme as applied to an American family. All the joys and sorrows connected with raising a family have been dramatized. Each of the children grow to manhood or womanhood with his own individual interests, then leaves the old nest to follow the call of his desires. Only their mother is left to her loneliness and her memories. But, as in every American family, the young remember the old nest and return to it.

Mary Alden plays the old mother, and her performance has been said to be a masterpiece of screen acting.

Buster Keaton's latest comedy scream, "The Playhouse" (life behind the footlights) is a special added attraction to the program.

# Many Lots Being Bought at Present In Fairview Tract

The realty firm of Hamlin & Hepburn, who are the subdividers of the Fairview tract in the Grand View district, state that the lots in Unit No. 2 are selling very rapidly. They sold twenty-one lots the first three days of the sale. This is about one-third of the lots in the tract.

Those who have already purchased lots in this unit include Mrs. Nellie W. Couch, Wells F. Couch, Willis M. Fee, Harry Strainge, Charles H. Combs, Charles Pohlmann, Alfred H. Prince, John H. Hart, Frank D. Hart, J. Frank Sorell, Henry Dietrich, Gustave Thingan, Leo D. Lotto, Walter Greenwald, Amos B. Cowfer, Guy L. Berryman, Mrs. W. A. Anderson and J. Frank Sawyer.

A large number of buildings are being erected in Unit No. 1. Streets, water and gas lines and electricity are being put in. A number of the people who have purchased in this tract are those who have looked all around Los Angeles for lots and were attracted by the terms offered and also by the beautiful location, fine soil and proximity to transportation, according to Hamlin & Hepburn.

# Christian Circle Club Making Plans for First Banquet

Members of the Christian Circle club of Glendale, which is composed of young women of practically all of the churches in the city, are making big plans for their first banquet of the season, which will take place at 5:30 o'clock next Tuesday night at the First Baptist church building on the corner of Wilson avenue and Louise streets.

The meeting will mark the initial gathering of a series of similar weekly events which are scheduled to last throughout the winter months. The meetings will alternate from week to week, the members from each church taking turns conducting the banquets.

As a special feature for Tuesday night's meeting the committee has invited all of the Glendale ministers and their wives to be present as the guests of the club. Following the banquet Miss E. Maude Soper, who is the class teacher, will conduct a Bible study hour in the church.

# V. B. STONE IN CITY EMPLOY

V. B. Stone of 520 South Brand boulevard has been employed as assistant to City Engineer E. L. Hill and is now in charge of drafting work in the room recently vacated by the police court presided over by Judge F. H. Lowe.

Mr. Stone came to Glendale last February from Chelsea Springs, Mo., and has had twenty years experience as a civil engineer. He has specialized in public utility work and comes highly recommended for such work as the city may require. Since coming here Mr. Stone has become an enthusiastic booster and is a member of the Chamber of Commerce. He sees a large amount of improvement work ahead for Glendale.

Diminutive shrunken human heads made by the Jivaro Indians, of South America, are found in most large museums. They are prepared by removing the bones of the skull and introducing hot stones, which are replaced by others as they cool, the process of shrinking lasts several days and the head is reduced to the size of an orange.

# SULPHUR CLEARS A PIMPLY SKIN

**Apply Sulphur as Told When Your Skin Breaks Out**

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream.—Advertisement.

# UNION HIGH SCHOOL SITE NOW ABOUT DECIDED UPON

## Location at East Broadway and Verdugo Road Best One, Is Declared

(Continued From Page 1)

belonging to George W. Mishler, 1439 East Colorado.

J. P. Lukins is the owner of about twelve and a half acres on the corner of Broadway and Verdugo. This block has a frontage of 100 feet on Verdugo Road and about 680 feet on Broadway. J. L. McCumber owns about 360 feet on Broadway. His property is 629 feet deep. George W. Mishler also has a block 552 feet deep with a frontage of 250 feet on Colorado besides the other block for which an option has been obtained.

**Price Is Over $85,000**

The price, according to investigation, will run around $85,000 as the block now stands although it may run up to $100,000 if more property is acquired on Colorado street at this time. Peter L. Ferry stated that he considered this price fairly reasonable under the circumstances. He declared that the individual members of the general committee all seemed in favor of this site as far as he had been able to learn.

While the sub-committee has come to the conclusion that this site seems the best from all standpoints it has not failed to investigate other proposed locations and is still considering several of these.

A block bounded by Broadway and Wilson avenue and extending some distance east of Verdugo Road, on which it has a frontage of 1000 feet, is another site being considered. This is held at $100,000 and Mr. Ferry expressed the opinion that it was not as desirable as the other site across the street, although the property is on the Wilson avenue car line to Eagle Rock. This block is owned by J. P. Lukins, W. F. Woods, 1470 East Wilson avenue, and Mrs. E. C. Frank, 1558 East Wilson.

**Easy of Transportation**

Transportation is one of the reasons the Broadway site is being favored. The committee feels that it is centrally located for the union high school district which includes Eagle Rock, Glorietta and Monte Vista. The East Broadway car line comes within one block of the property, the Los Angeles stage line from Sunland and La Canada passes the site along Verdugo Road and the Wilson avenue car line to Eagle Rock is only one block away.

On account of its situation, the committee is not considering the site offered by J. R. Grey on the northwest corner of Kenilworth avenue and Doran street. Inability to obtain an official price on a block at Glendale avenue and Doran street, submitted by Arthur Campbell, on account of the absence of one of the owners in San Francisco, has taken it out of the running for the time being. The Thom interests on East Doran are not being considered favorably because it would be necessary to close both Geneva and Howard streets to make the property available for high school purposes and four acres are apart from the rest and would be of little use from the committee's standpoint.

# Glendale Theatre Gets Noted Picture Same Time as L. A.

Like a terrific storm thundering its way across the country, leaving behind it upheaval and change, so does "No Woman Knows," cross the silversheet in a cataclysm of human emotions, struggles, ambition and sublime selfishness.

"No Woman Knows," now showing at the Glendale Theatre is a human document brilliantly and artistically expressed. It was adapted for the screen from "Fanny Herself," the powerful and dramatic novel by Edna Ferber and plays here simultaneously with its premiere release in Los Angeles.

The story is that of a typical American family, owning a small store and living in a provincial midwestern town. Sacrificing everything for a gifted son so that his musical talents may be developed, the middle class atmosphere of petty economies and frugal living is presented by the little family and their friends in an amazingly realistic manner, the details of which provide the picture with the humorous touch of homely truth needful for lightening the emotional and dramatic climaxes that follow each other in quick succession.

Harold Lloyd gets a big laugh in "An Eastern Westerner" and Pathe News is quite up-to-date.

# Sherrod's Specialty Shop Growing Fast; Additions to Stock

Growth of business at Sherrod's Specialty Shop, 207 East Broadway, has caused its owner, C. C. Sherrod to dispose of another store in Los Angeles, double the size of the Glendale establishment and move his family to 622 North Maryland avenue from Los Angeles.

House dresses have been added to the line of lingerie. These are of crepe in many attractive colors. Children's wash rompers, corduroy suits for tiny tots and play dresses for little girls have also been placed in stock.

Caruso was his mother's nineteenth child.

## Stock Market Report

NEW YORK, Oct. 6.—Continued pressure against Mexican Petroleum proved the only feature at the opening of the stock market today. That issue declined 1⅜ to 93⅝.

The rest of the list displayed a steady tone, showing only fractional change from last night's closing figures. Steel common was unchanged at 78⅞; Baldwin ⅛ to ¼ to 85⅝ and Studebaker declined ¼ to 71⅛. Pan-American Petroleum sold up one point to 42¾. The rails were moderately lower.

The market turned strong in the forenoon and many issues made good gains. Mexican Petroleum sold up to 95¼ and American Sugar rose 1¼ from the low to 55. Coppers were strong, Anaconda and Utah advancing one point. American Sumatra showed little change despite the passing of the common dividened. Steel Common rose to above 79.

CHICAGO, Oct. 6.—Influential commission house buying developed immediately after the opening in wheat today and checked the decline which marked the start. First prices were ¼ to ¾ lower for December and ¼ to 1½ off for May.

Buying also developed in corn, which opened ⅛ @ ¼c lower.

Provisions were dull and slow to get under way.

NEW YORK, Oct. 6.—The cotton market was less active early today and the undertone remained easy, with initial quotations two points higher to eight points lower.

## PRISONERS ON THE DESERT

"Sunrise on the Desert," a vivid and realistic serial in seven daily installments is now being acted by H. C. Griswold and Ralph W. Brown, 215 North Brand boulevard, who has a sense of art or whatever it is that a person needs to make good photographs. Mr. Griswold, who is 80 years old, has been spending a few weeks visiting the Browns. He did not feel particularly anxious to drive his car back to Phoenix alone and so Mr. Brown agreed to act as the chauffeur, enjoy a pleasant week-end outing and return on the train. The returning on the train part of the adventure will be all right when Mr. Brown gets to his destination.

Monday Mrs. Brown received a telegram stating that twenty autos were marooned on the Mohave desert four miles west of Blythe, which is on the California side of the Colorado river. The message said that Mr. Brown would be there at least three days and did not expect to reach Phoenix before Friday. Mr. Brown left his studio Thursday afternoon and intended to be back on Monday morning. He was—not!

## Glen Vista Property In Big Demand, Says Charles B. Guthrie

It was predicted today at the realty office of Charles B. Guthrie, 103½ South Brand boulevard, that Glen Vista would be entirely sold out within less than two weeks and the record of sales made at the office since last Saturday seems to indicate the prediction will come true. The office has been so besieged at times with callers and inquiries that the entire sales force has had its hands full in taking care of the patronage, it is declared.

"Glen Vista will be entirely sold out in the next thirteen days, according to an announcement of the contract for the street work on Highland avenue," Mr. Guthrie said. "The unprecedented demanad for lots in the northwest slope is the barometer that guages the growth of Glendale. The exceptional opportunity to secure the half acres in Glen Vista with all modern improvements has been fully appreciated by discriminating buyers, a very large per centage of whom are Glendale people.

"Last Saturday was a busy day at our office, the north branch alone making three deals after 4 o'clock. So many deals have been closed that I have been swamped in handling the escrows.

"By the latter part of the week I shall be able to give a complete list of the sales, the following being only a partital list of deals made during the last few days:

"Six lots on Adams and Windsor for Eleanor Harvey of Indianapolis; the northwest corner of Lexington and Central to the Tuesday Afternoon club, and two lots adjoining the property, also to the Tuesday Afternoon club; a small house on Garfield to A. P. Hagen; house on Cypress for E. S. Calvert to Mae G. Smith; house on Louise, near Doran, for C. M. Douthall to a San Francisco resident; lot on Brand, near Lexington for G. C. Metcalf to Edgar L. Robinson."

## Peter Hanson Says Business Is Great and Gives Evidence

Peter Hanson, who opened offices here at 124 West Broadway two weeks ago, reports that in ten days' activities his firm has turned more than $41,000 worth of property with several deals pending. William McMillan and E. L. Schuyler are associated with Mr. Hanson.

Most important of these is the sale of the J. I. Wernette home at Louise and Mountain streets in north Glendale which J. L. Low bought for $21,000. J. McKenzie's property on Lomita avenue was sold to J. Daggett for $7,500. The J. C. McQuiston home on Patterson avenue was purchased by J. I. Wernette.

Among the vacant lots changing ownership through the Hanson agency are the following: H. E. Rommel to H. E. Owens, Harvard street; E. McGinnis to H. Bough, Louise street; Spencer Robinson to C. B. Peoples, Adams street; George Low to J. Luce, Adams street; E. Angelica to J. Schiffer, Elk avenue; E. Angelica to H. Brough, Elk avenue; J. Boeke to H. Brown, Wilson avenue; H. Brown to G. L. Seyle, Stanley avenue, and Hal Davenport to Mr. Waidelich.

## Rental for C. of C. In New Building Is Fixed

Richardson D. White, Daniel Campbell and George Bentley, members of the Chamber of Commerce board of directors, met last night to confer with the officials of the Citizens' Building Corporation to determine what rental was to be paid for the spacious second floor rooms built for Chamber headquarters.

Their report next Tuesday will advise that a five-year lease be signed at $150 a month which, in addition to the front office rooms, will give the Chamber access to the auditorium the first Thursday noon of each month and the third Thursday evening and use of the smaller banquet room each Tuesday noon for the directors' meetings. Storage room, public rest rooms, etc., also will be afforded the Chamber in the new quarters.

Tonight the advertising committee will go over plans for an illustrated booklet to be published by A. Buchanan. The high school site committee also will meet to further consider the subject of new locations for that institution.

If your manners are "fresh," your company will be stale.

**Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur**

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Advertisement.

## TEACH SCHOOL IN CHURCH

MERCED—School children of Madera are now meeting in the Sunday school basement on week days for regular school. Overcrowding of the public schools resulted in the acceptance of the space offered by Rev. H. T. Babcock of the Presbyterian church. Until this space was provided schools in Madera were operated on the two-session plan.
